

Doesn't listen to or respect your thoughts, concerns or opinions

You are hesitant to introduce them to your friends/family

Seems "too good to be true" with gifts and flattery

Takes your money/runs up your credit card debt

Too frequent of calls, emails, texts and visits

Does not respect your boundaries

Jealous/Rude

Gaslighting

Needs constant reassurance

They rely on you as their support system

Talking down to you, name calling and teasing

They rush into the relationship and move quickly

Controls what you do all or the majority of your day

Makes you feel unworthy and says no one else will love you

Places all or most of the blame of failed relationships on their ex
